# ARISTA 7280 R3 SERIES SWITCH AIR DUCT

DCS airflow ducts are designed to help reduce energy consumption by containing hot or cold air paths to and from switches that are mounted into deep cabinets. This keeps hot exhaust air from entering the switch causing them to overheat and potentially shut down. The open front allows access to replace fan modules or power supplies without removing the duct. They come in various rack units (RU), depths, and colors. DCS Air Ducts are RoHS compliant, aluminum construction, and welded for maximum air containment.

Arista 7280 R3 Series Switch Air Duct

PRODUCT SPECIFICATIONS

Product Type
Air Duct

Product Series
Passive Airflow Management

Features & Benefits

• Mounts in 19-inch Rack

• RoHS Compliant

• Lightweight Aluminum Design

• Welded Construction

Dimensions

Configuration	Height	Width	Depth
1U	1.72"	19.00"	11.312"
2U	3.47"	19.00"	11.312"
3U	5.22"	19.00"	11.312"
4U	6.97"	19.00"	11.312"
5U	8.72"	19.00"	11.312"
6U	0.47"	19.00"	11.312"

Colors

ECO/Silver

Black
