

# UNIVERSAL 10U MODULAR ENCLOSURE

## General Specifications

Product Series	Universal Series					
Product Type	Modular Enclosure					
Rack Units	10					
Enclosure Front	8 or 11 Slot Modular					
Enclosure Rear	Hinged Door					
Dimensions	Height	11.50"	Width	17.47"	Depth	19.00"
Colors	ECO/Silver	Black	(Other colors available upon request)			

## Application

The DCS 10U modular enclosures were designed with three key concepts in mind. The manageability, flexibility, and density built into this solution both simplifies port identification within the Central Area Patching Facility (CAP) and mimics the scalability of today’s director class switches. Adding modular adapter panels or cassettes as you expand your network allows for port to port mirroring from the director class switch to the CAP. Moves, adds, and changes become simple and stress free since each port on the patch panel matches exactly to the switch ports, from the slot location to the port number.
